

**CERTIFICATE OF CPNI COMPLIANCE**

I, Mark Harris, Chief Financial Officer of DSL Internet Corporation as of the date indicated below hereby certify that I have personal knowledge that this company has established operating procedures that are adequate to ensure compliance with the Federal Communications Commission's rules governing use and disclosure of confidential proprietary network information ("CPNI").

A statement concerning the procedures the entity uses to ensure its compliance with CPNI regulations is attached hereto.

**STATEMENT CONCERNING PROCEDURES ENSURING COMPLIANCE  
WITH CPNI REGULATIONS**

*(as of February 9, 2006)*

The operating procedures of DSL Internet Corporation ("DSL") are designed to ensure compliance with Part 64, Section 2001 *et seq.* of FCC rules governing the use of CPNI.

Compliance with the FCC's CPNI rules is the objective of DSL's internal policies limiting the use and disclosure of CPNI to very limited circumstances. Furthermore, DSL trains relevant employees to recognize CPNI and understand the limitations of use or disclosure set forth under federal law and DSL policy through the distribution of this policy and the FCC's small entity compliance guide, FCC 02-214 dated August 5, 2004. DSL's policy establishes the following parameters regarding the use or disclosure of CPNI:

- 1) DSL does not currently use CPNI to market service offerings among the different categories of service that it provides to subscribers. If and to the extent DSL were to use CPNI to market service offerings among the different categories of services it provides, it would do so only in compliance with lawfully permitted customer authorization procedures or other applicable regulations governing the permitted use of CPNI.
- 2) DSL will not release or disclose CPNI to a third party except as follows: DSL will only release or disclose CPNI to a third party pursuant to a valid request from law enforcement, the federal judiciary or other appropriate authority; or pursuant to lawfully permitted customer authorization procedures or other applicable regulations governing the permitted use of CPNI.
- 3) In the event that DSL were to disclose CPNI to a third party or use CPNI in a sales or marketing campaign, it would record such event in a record to be kept for at least one year.
- 4) Violation of this policy may result in disciplinary action, including the termination of employment where appropriate.
